

## The perfect cute name for your perfect girlfriend

You will be surprised to know that looking for a cute name for your girlfriend is not at all difficult. With a cute name, it means you are ready to share a special kind of bonding with your special someone. When you start calling her with it, you are shouting to the world that she is yours and at the same time you truly love her. At the same time, with names for each other, you have reached a point where you have created this exclusive and wonderful little world together. So if you think about it, it is really not that hard to choose a cute name for your girlfriend. There are really several categories out there you can take your pick from. What you must do really is just make sure that you choose the best one that would describe her and will show how much you really adore her.

The childhood theme name, like teddy bear, is the first category. This is a good place to start since childhood particularly inspires fun and innocence. Toys, cartoon characters you used to watch and other childhood fun stuff are where you can find such cute names. Another category is the memorable times category. This is particularly easy because all you have to do is to remember a wonderful time you shared together as inspiration. For example, if you went to the park and she kept looking and touching the flowers, you can call her bumble bee. The most commonly used one and another good source of inspiration is food.

You can choose from fruits, like strawberry or you can choose from sweets, such as cupcake. Your girlfriend will love that you see her as sweet and cute as those sweets and fruits. But make sure not to call her anything that is connected to heavy meal, like pork chop. She will definitely not see that as cute and will probably think that you see her as fat. Cute animal is another category you can choose from, such as kitty cat. You again have to be sensitive with your choice. She will more likely be offended if you call her a gerbil or anything from the rat family even though you may find the animal cute.

After you have chosen the cute name for your girlfriend, to make the name sound more endearing, you might want to add cute words like silly or my little. As your relationship progresses, you will realize that the cute name will always come in handy when you want to simply apologize or to make her feel more special.
